MODS?

Yeah, We Got Mods!

Backpacks

You can explore for longer and not run out of room! Provided by [this plugin](#)

- Small - 18 slots
- Medium - 27 slots
- Large - 36 slots
- Extra Large - 54 slots

Warp Books

Using a warp book lets you exchange XP for teleportation. It costs 1 XP to travel 48 blocks.

Usage

1. Craft the "Set Warp Point" Book (8 books, 1 eye of ender).
2. BE CAREFUL: the "Set Warp Point" book will disappear when you use it.
3. Holding the "Set Warp Point" book, right-click to set the warp point.
4. The "Set Warp Point" book will disappear and be replaced with the actual Warp Book.

Whenever you want to warp, drop the Warp Point book (default for "drop" is Q). More info available [at the mod's home page](#).

Larger Ender Chests

From this plugin

Convenience

- [Zombie Leather](#) - Put rotten flesh in a furnace, get leather, just like in real life!
- [Death Note](#) - Get a note with your death coordinates whenever you die.

My Own Recipes

These recipes were developed by *me* for *you*. They are inspired by some other people's recipe mods, but I promise you that mine are better because I made them.

- Throw quartz, prismaticine, nether brick, glowstone, brick, or clay into a stonecutter to get back the original ingredients.
- Put individual bricks into a blast furnace to melt them back into clay balls.
